“ I have fond memories of Glen from the time he farmed across the road from the Lee Center Church in Franklin County in the late 50's or early '60's. When he decided to move to Clear Lake he sold the farm and sold us his very nice 560 International tractor. Then when he bought land near Clear Lake he came to our place and after much investigation as to the condition of what had been his tractor he bought it. Elmer Stockdale was really not interested in selling the tractor but since his cousin wanted to reown it, Elmer sold it. Elmer really needed the tractor. Our family ended up with the cabin that is called Skyrene on the south shore of Clear Lake. Glen used to like come and fish off the dock. Glen did a lot of carpentry work on the cabin.
