“ Paul you would be laughing at me right now, you probably are, but that's okay, laughing is good! This is the third time I am attempting to post this and each time it has been heart felt, as your family learns how to be one less at celebrations. Paul, you were a "Great Son," you have been a big brother, and showed your talents off being a stepped up Dad to your kids. We all know you wouldn't want grief to consume any of your friends, the other part of your DNA, A true friend to all of us. Paul you will bw missed but never forgotten, love you cuz!!
I would like to challenge all of us...
EVERY DAY, at least once a day, think of something that you did with Paul, or you saw Paul do, got caught and red faced after that memory, and share a belly laugh with Paul's memory, pretty soon that grief we all feel will begin to be great memories of our son, brother,dad, or friend Paul Mattson,
Forever young!
