“ I was saddened by this news. I enjoyed working with Bob. He was a great guy. We shared many stories with one another. I recall this one! Bob got a new truck when his sons were young, drove it to the field to check on things and left one, maybe both, if his sons in the truck. When he returned, the knobs were pulled off the dash Of that brand new truck and I think they were even thrown out the window. Which one of you was it? :) i have many fond memories of Bob. Praying for all of you during this difficult time. Sandy Shonka

“ Also known as "Walleye Bob" which was his self proclaimed ability to catch fish. I really enjoyed spending time with the Amosson family growing up and time with Bob, Scott, and Jeremy fishing in Canada. Will always remember Bob's extreme excitement every time he had a fish on the line. God bless and our deepest sympathies.

“ While I'm saddened to hear of Bob's passing, I can't help but smile when thinking about this man. I certainly didn't know him as well as others, but in recent years I feel I had a reasonable glimpse as to how he lived his life and what a life it was. I'm thankful for his willingness to share insightful advice and his common sense approach to just about anything, he will be missed! Rest in peace my friend.

“ I covered county government for the Globe Gazette during Bob's entire tenure on the Board of Supervisors. I saw firsthand his sense of fairness, his ability to relate to people and his common sense approach to governing. He was a kind and decent man, I never thought of him as a politician. I thought of him as a really good guy,
