“ I send my prayers and condolences to Sandi's family. Sandi and my mother, Diane Sears Stickley of NE, had been really close friends during my years of growing up here in Mason City. Sandi and my mom used to go out and have some really fun times together.  
Sandi was a very fun loving and caring person. Sandi & CJ had made a few trips out to Nebraska a few times with the kids to visit us. My mother just passed away a year ago, so I understand the heartache you are all going through. You are all in my prayers - Carole (Sears) Query

“ When I was about 10, Sandi heard me hold a sneeze in, and she told me that it was possible to blow the top of your head off by doing that. A few years back she heard me hold a sneeze again, and she mentioned that she had once told someone that they could blow their head off that way. I told her, "Yeah, it was me, and I believed you!!"

I have only been getting reacquainted with my family since 2005, and I regret all the years that I missed. I'm sorry that my time to get to know her is over already.

With love,  
"Little Brother"
